107TH CONGRESS 1ST SESSION

S. 1119

To require the Secretary of Defense to carry out a study of the extent of the coverage of members of the Selected Reserve of the Ready Reserve of the Armed Forces under health benefits plans and to submit a report on the study to Congress, and for other purposes.

IN THE SENATE OF THE UNITED STATES

June 28, 2001

Mr. Leahy (for himself, Mr. Dewine, Mr. Daschle, Mr. Cochran, Mrs. Carnahan, Ms. Snowe, and Mr. Johnson) introduced the following bill; which was read twice and referred to the Committee on Armed Services

A BILL

To require the Secretary of Defense to carry out a study of the extent of the coverage of members of the Selected Reserve of the Ready Reserve of the Armed Forces under health benefits plans and to submit a report on the study to Congress, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. FINDINGS.
- 4 Congress makes the following findings:
- 5 (1) The Selected Reserve of the Ready Reserve
- of the Armed Forces is the element of the Armed
- 7 Forces of the United States that has the capability

- 1 quickly to augment the active duty forces of the 2 Armed Forces successfully in times of crisis.
 - (2) The Selected Reserve has been assigned increasingly critical levels of responsibility for carrying out the worldwide military missions of the Armed Forces since the end of the Cold War.
 - (3) Members of the Selected Reserve have served proudly as mobilized forces in numerous theaters from Europe to the Pacific and South America, indeed, around the world.
 - (4) The active duty forces of the Armed Forces cannot successfully perform all of the national security missions of the Armed Forces without augmentation by the Selected Reserve.
 - (5) The high and increasing tempo of activity of the Selected Reserve causes turbulence in the relationships of members of the Selected Reserve with their families, employers, and reserve units.
 - (6) The turbulence often results from lengthy, sometimes year-long, absences of the members of the Selected Reserve from their families and their civilian jobs in the performance of military duties necessary for the execution of essential missions.
 - (7) Family turbulence includes the difficulties associated with vacillation between coverage of mem-

1	bers' families for health care under civilian health
2	benefits plans and coverage under the military
3	health benefits options.
4	(8) Up to 200,000 members of the Selected Re-
5	serve, including, in particular, self-employed mem-
6	bers, do not have adequate health benefits.
7	SEC. 2. SENSE OF CONGRESS.
8	It is the sense of Congress that steps should be taken
9	to ensure that every member of the Selected Reserve of
10	the Ready Reserve of the Armed Forces and the member's
11	family have health care benefits that are adequate—
12	(1) to ease the transition of the member from
13	civilian life to full-time military life during a mobili-
14	zation of reserve forces;
15	(2) to minimize the adverse effects of a mobili-
16	zation on the member's ability to provide for the
17	member's family to have ready access to adequate
18	health care; and
19	(3) to improve readiness and retention in the
20	Selected Reserve.
21	SEC. 3. STUDY OF HEALTH CARE BENEFITS COVERAGE FOR
22	MEMBERS OF THE SELECTED RESERVE.
23	(a) REQUIREMENT FOR STUDY.—The Secretary of
24	Defense shall enter into a contract with a federally funded

research and development center to carry out a study of

- 1 the needs of members of the Selected Reserve of the Ready
- 2 Reserve of the Armed Forces and their families for health
- 3 care benefits.
- 4 (b) Report.—(1) Not later than March 1, 2002, the
- 5 Secretary shall submit a report on the results of the study
- 6 to Congress.
- 7 (2) The report shall include the following matters:
- 8 (A) Descriptions, and an analysis, of how mem-
- 9 bers of the Selected Reserve and their dependents
- 10 currently obtain coverage for health care benefits,
- together with statistics on enrollments in health care
- benefits plans.
- (B) The percentage of members of the Selected
- Reserve, and dependents of such members, who are
- not covered by any health insurance or other health
- benefits plan, together with the reasons for the lack
- of coverage.
- 18 (C) Descriptions of the disruptions in health
- benefits coverage that a mobilization of members of
- the Selected Reserve causes for the members and
- their families.
- (D) At least three recommended options for
- cost-effectively preventing or reducing the disrup-
- 24 tions by means of extending health care benefits
- 25 under the Defense Health Program or the Federal

- Employees Health Benefits program to all members of the Selected Reserve and their families, together with an estimate of the costs of individual coverage and family coverage under each option.
 - (E) A profile of the health status of members of the Selected Reserve and their dependents, together with a discussion of how that profile would affect the cost of providing adequate health benefits coverage for that population of beneficiaries.
 - (F) An analysis of the likely effects that providing enhanced health benefits coverage to members of the Selected Reserve and their families would have on recruitment and retention for, and the readiness of, the Selected Reserve.
- 15 (3) In formulating the options to recommend under 16 paragraph (2)(D), the Secretary shall consider an expan-17 sion of the TRICARE program or the Federal Employees 18 Health Benefits program to cover the members of the Se-19 lected Reserve and their families.
